Clean Water Services pays up to a negotiated cap towards the premium for employees and their dependents. Coverage begins on the first day of the month after a 3 month waiting period.

SHORT TERM DISABILITY
The Trust offers a short term disability plan that pays disabled workers $300 a week for up to 13 weeks and $325 for an additional 13 weeks. The policy also pays the employee’s medical insurance premium for up to 12 months. This coverage is provided as part of the benefits package through OTET.

RETIREMENT SYSTEM
Employees who begin Oregon public sector employment after August 29, 2003 are members of the Oregon Public Service Retirement Plan (OPSRP), which is administered by the Oregon Public Employee Retirement System (PERS). After six full calendar months of employment, employees contribute 6 percent of their salary to an individual account (IAP) on a pre-tax basis through automatic payroll deduction. In addition, Clean Water Services makes a contribution based on the projected benefits of the employees and the cost of running the system.

OPSRP members are eligible for full retirement benefits at age 65 or at age 58 after 30 years of service. The OPSRP individual account is immediately vested, and the employer contribution is vested after an employee works at least 600 hours in 5 calendar years. At full retirement, benefits are calculated by taking 1.5% X final average salary X retirement credit in years, plus the IAP account balance. Employees who worked in a PERS covered position prior to August 29, 2003 can contact Risk & Benefits Management for more retirement information.

DEFERRED COMPENSATION
A 457(b) deferred compensation plan is a retirement savings plan that allows eligible employees to save and invest pre-tax dollars through voluntary salary deferral. Distributions are usually taken at retirement, but funds can be withdrawn if participants end their employment with the District.

Employees have the opportunity to set aside pre-tax dollars to pay for un-reimbursed medical expenses and/or dependent care expenses by utilizing a Section 125 Cafeteria Plan.

This occurs through a performance based pay system, where employees’ salary increases are based solely on performance. In addition, the District provides a Goal Sharing Program which is aimed at helping the District save money, improve processes, and reward employees for setting high goals and reaching them.

Combined, the Performance Based Pay System and the Goal Sharing Program allow employees to influence their individual wages through high performance and contributing to the achievement of District goals.
