

ANNUAL PASS APPLICATION RV WASTE DISPOSAL

Name: _____

Address: _____

Telephone number: _____

License plate number: _____

Signature: _____ Date: _____

Instructions for using the pay station at either the Durham or the Rock Creek Disposal Facility:

Starting in 2020, annual pass holders will be issued an access card for use at our disposal facilities. Your annual pass will work at both Durham and Rock Creek.

When you enter either disposal facility, please follow the directions listed on the pay station kiosk as if you were using a credit or debit card. If the pay station is not operational, do not dump your wastewater on the ground. Report any problems by calling 503.880.1846. You may also use another disposal facility.

Do not share this card with anyone else. The card and on-site camera are used to track activity at the disposal Facility. Allowing someone else to use your card may result in the cancellation of your annual pass and/or the loss of permission to use the Clean Water Services disposal facilities.

Annual passes and access cards expire at the end of March each year. Your annual pass will need to be renewed before that date to ensure continued service.
